The Power of Sound to Heal An Evening Lecture

A Revolutionary Tool of Sound Medicine for the 21st Century

The Kita Biosonic Peace Machine (KBPM) combines the power of sound to heal with the efficacy of Traditional Chinese Medicine which dates back over 5,000 years. (Sold separately)

Learn how this 'State-of-the-Art' technology developed in Japan provides a natural, nurturing, and noninvasive application to benefit health and well being and support the body's natural ability to self-heal.

Recipients report having an immediate response of:

- Reduced Anxiety - Balancing the 'Fight or Flight' (ANS) Response
- Relaxation and Peace of Mind & Body with less Stress
- Increased Energy, less puffiness, feeling lighter – Clears Toxins
- Less Muscular - Skeletal Pain
